British Values in Computing at Bisley Blue Coat C of E Primary School

Rule of Law

- In computing, we understand the use of rules on computers and the internet, such as when we are allowed to use social media and what we are allowed to post and share.
- We understand that rules are to keep others and ourselves safe and to help the internet to be an enjoyable and engaging place.

Individual Liberty

- In computing we understand how to use our right to freedom of speech in a respectable and thoughtful way, being considerate of how this speech will affect others.
- In computing, we explore the freedom the internet and computers offer us in discovering information and connecting us with the world
- E-Safety days, to educate children on their rights and personal freedoms as well as supporting them in recognising how to exercise these freedoms safely

Democracy

- In computing children learn to understand and be considerate to the views of other internet users.
- We understand that we are each part of the democracy of the internet and that we can each, in our own small way, affect the way the internet exists.
- Throughout our Computing curriculum, they are encouraged to take into account the views of others as well as sharing their thoughts and opinions on other's work.

Tolerance of others with different faiths and belief

- In computing we understand that we are connected to people across the whole world.
- We understand that these are people from different communities, cultures, faiths and beliefs.
- We use the opportunities offered in computing to question, challenge and understand people with these different characteristics to support and develop our tolerance of them.

Mutual Respect

- In computing we appreciate and understand the views of others, our right to challenge, question and discuss opinions and views, and to do this in a respectable and thoughtful way.
- We understand that as we are connected with the world while accessing the internet, we are exposed to the widest range of views, and we are learning to respect them.
